GEMS Process Differences for Grants & Sponsorships

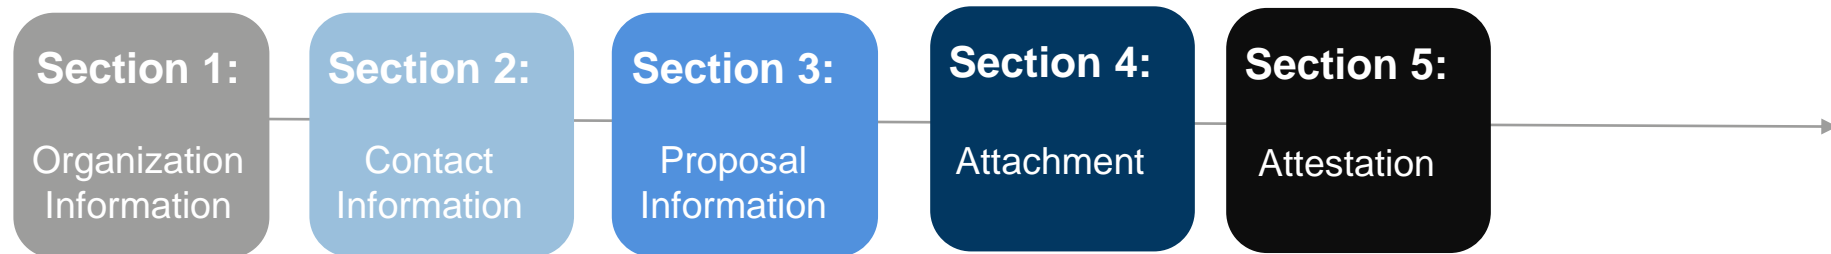

November 2020

Request Submission

Submission for Grants

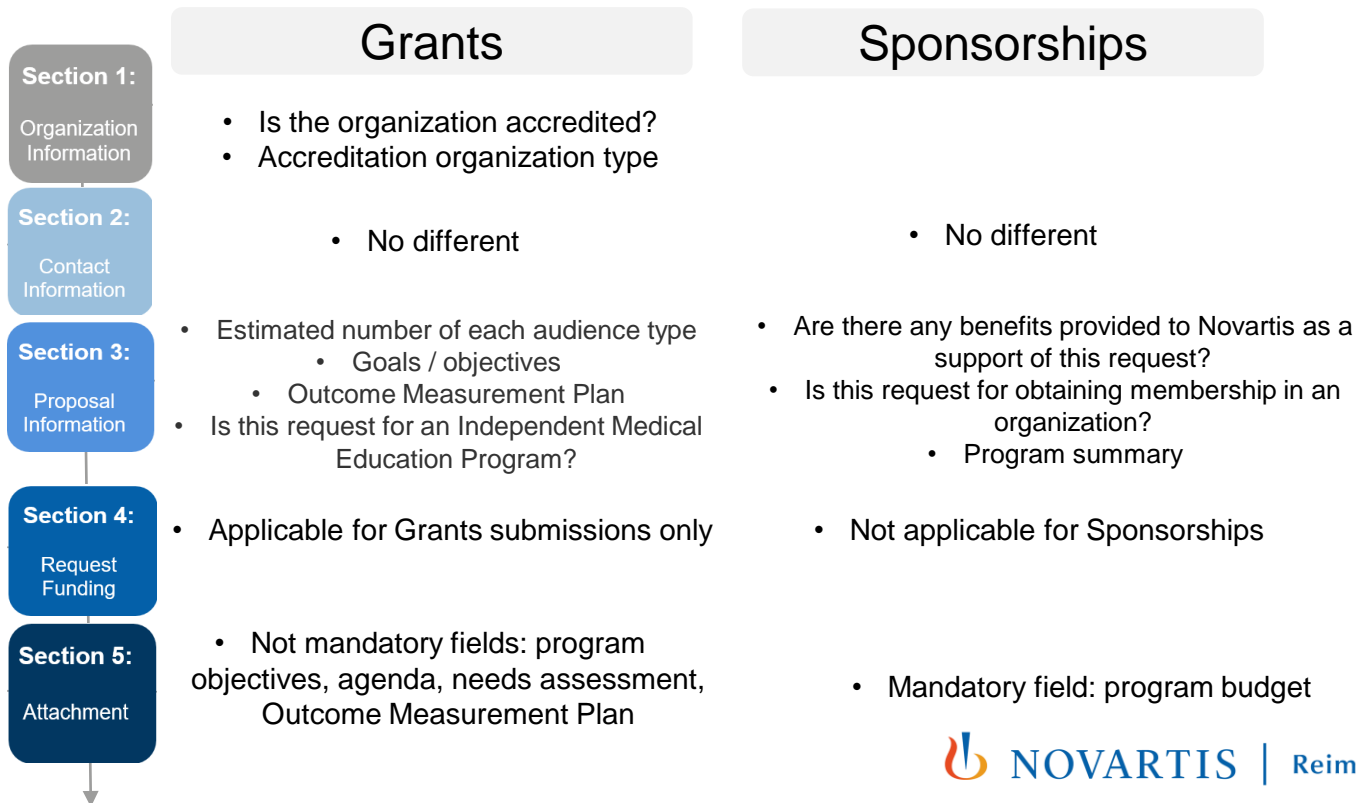

Submission for Sponsorships

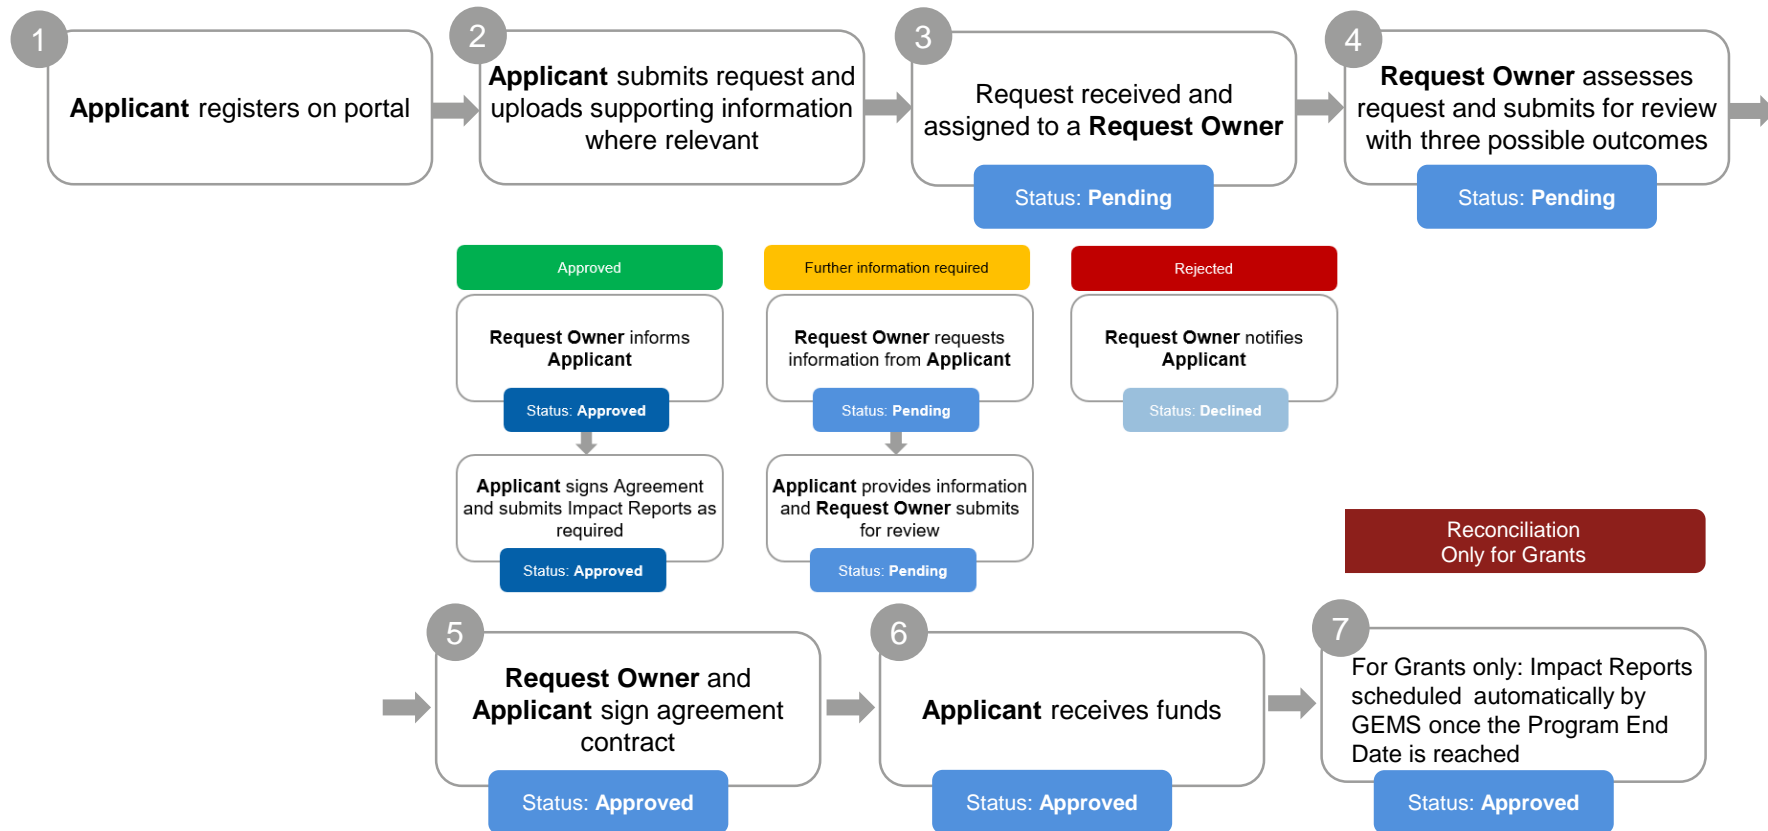

Different Data Fields

This slide highlights the different data fields in the Grants and Sponsorships submission processes

Request life cycle

Summary of the main differences between Grants and Sponsorships using GEMS

There are two key differences:

- Request Funding section is only applicable for Grants.
- Once the Program End Date is reached, Impact Reports (Grants outcome and transparency reports) will be autoscheduled for Grants but not Sponsorships.

Thank you
